Scouters!

Thank you for your Interest in attending Lewis & Clark Scout Reservation for one of our 2020 summer programs. I would like to assure you that our goal for our camp is to provide programs that will be fun and engaging for scouts while working to reduce the risk for Scouters and staff attending camp. Our camp programs will look and feel a bit different to achieve this goal. The Lewis & Clark staff will continue to focus on the character development of the individual scout through the application of the Scout Oath and Law, while working on these areas of personal development.

- Leadership and Citizenship
- Teamwork, Cooperation and Helping Others
- Self-Reliance, Resourcefulness and Accepting Responsibility
- Respect for Nature, Resources and Others
- Physical, Spiritual, Emotional and Mental Fitness

I look forward to seeing many familiar faces at camp this summer and hope to welcome many new faces to the Lewis and Clark camping family.

In Scouting,

Gene Fuller
Camp Director

Refund Policy
Since our program and food supplies are purchased based upon the number of Scouts pre-registered, it is our policy to refund only as a result of an emergency situation. Scouts who choose not to attend camp of their own free will, will NOT be granted a refund. Fees may be transferred to a Scout not already registered for camp. Please present refund requests in writing to the Sioux Council. Requests will be handled as quickly and efficiently as possible.

Camperships (Sioux Council Units Only)
The OA and Council ensure that no Scout is denied the opportunity to attend camp because of financial circumstances. These camperships will provide up to one third of the registration fees. The form is on our website.

Waterfront Activities
♦ Water Shoes Are Required for everyone
Leadership
At least two adult leaders over the age of 21 are required for any camping activity over 72 hours. Each unit attending Lewis and Clark must furnish its own leaders and is expected to have leaders in the campsite when Scouts are present. All units with female scouts must provide a registered female leader over 21. It is best if the Scoutmaster attends summer camp with his or her Troop. If this is not possible, it is the responsibility of the unit committee to provide trained leadership for this important responsibility.

Insurance
Your Troop must be covered by medical and accident insurance while at Lewis and Clark. A copy of a certificate of insurance and the information necessary to process a claim must be on file at Lewis & Clark. This information can be obtained from your local council for those coming from another council.

Scouts and leaders registered with the Sioux Council are covered by the Council’s sickness and accident policy while attending camp and during travel between camp and home. This insurance is secondary to a family’s insurance. It is important that the name of the family’s insurance carrier and policy # be provided on the Annual Health and Medical Record.

Due to Covid-19 Visitors will not be allowed to visit Camp.
Only Scouts and Leaders registered for camp and have completed the camps health screening and approved by the camps health officer will be allowed to stay at camp.

Discipline:
Lewis & Clark, in accordance with the policies of the Boy Scouts of America, will not permit staff, leaders or Scouts to use corporal or other harsh punishment. No humiliating or frightening methods of discipline will be used to control the actions of any camper or campers. Initiations, which frighten or humiliate, including forms of hazing are also not permitted.

Violations of this policy may result in immediate dismissal from camp.

Leaving Camp:
Campers and leaders who must leave camp must sign out with camp management. Please contact camp management to process your departure from campgrounds. Campers may leave only with a parent or guardian, or with the written release from a parent or guardian. Leaders must be present when a camper checks out of camp. In the very rare event camp management has any doubt about custody of a minor child, the Scout will only be released to the adult who brought them to camp.
Fuel Policy:
National BSA policy permits the use of liquid fuel only under the direct supervision of a knowledgeable adult leader. Gasoline, stove fuel, and other bulk quantity flammable substances are to be stored in the approved central fuel storage locker in camp (contact the Camp Commissioner). Liquid fuels, in approved containers (MRS type bottles) of 1 quart or less, may be kept in the campsite under adult supervision.

Wristbands and Nametags:
As part of our camp security programs, all Scouts, leaders and registered visitors are required to wear a camp supplied identification badge or wristband. If an ID badge or wristband gets worn out or lost while at camp. Let camp Commissioners or management know and we will be happy to replace it. Please bring the old ID if you have it. There will be a $1 fee for each replacement band. Anyone not wearing a wristband or nametag will be asked to stay with staff until management can respond.

Vehicle Use and Parking:
Scout leaders, visitors and staff vehicles will be parked in the lot located across from the Administration Building. Upon special request and demonstration of need, camp staff will be happy to help transport Leaders and Scouts around camp. If Camp Director determines that staff will be unable to transport leaders and scouts with special requirements the Troop may receive a permit to park in the designated handicapped parking closer to the campsites (down the hill). Restrictions will be explained when a permit is issued by the Camp Director. A person holding a state issued permit must still secure a Lewis & Clark permit.

Roads south of the parking lot area are reserved for foot traffic, camp service vehicles and permitted vehicles only.

Speed limit in camp is 15 mph or less. Under no circumstances will any individual be allowed to ride in the bed of a pickup truck or outside the enclosed passenger compartment of a vehicle.

Scout Safety Is Our Top Priority

BSA Annual Health & Medical Record:
National BSA Camping Standards require that all youth and adults must bring to camp a record of medical examination made within the last 12 months by a licensed physician. We can only accept the National BSA Annual Health and Medical Record for long-term camping (longer than 72 hours).
As changes are made frequently to the BSA medical form, a link for the health form can be found in the menu of our Lewis & Clark camp website page: https://www.scouting.org/health-and-safety/ahmr/
Each unit will be checked in with our health team.

Health screening and check-in process:
♦ 2 copies of BSA medical forms.
♦ Pre camp Covid-19 screening for each scouter.
♦ Group temperature log.
Any Scout or Adult leader not meeting Camp health screening standards may result in the entire group being denied access to camp.
Please call the Camp Director to discuss Scouts or leaders with major medical issues.
Please pick up parts B & C of your health forms before leaving camp or ask for them at check-out. All health forms left at the health lodge will be shredded at the conclusion of camp.

Medical Care:
A camp health officer serves as a regular member of the camp staff.
A volunteer physician from Yankton supervises the camp’s medical care services.
In the event of a serious accident, illness or hospitalization, parents are contacted. Medical care given at camp by the camp medical officer is without an additional charge.
Treatment provided outside of camp is at each family’s expense.

Severe Weather:
Storm shelters are located throughout the camp. In the event of a weather emergency, staff will notify units and direct them to the closest shelter.

Dining Hall Procedures
Camp dining hall will be closed for meal service. Meals service will be delivered to camp program areas. All meal services will use disposable dinnerware and eating utensils. All Scouts and Adult Leaders will need to have a 16 oz or larger water bottle for beverage service. All meal procedures will be covered during check-in process.

Special Dietary Needs
Any Scout or leader that has special dietary needs should contact us one week before arriving at camp. Remember to verify your dietary requests during the Troop check-in process. Persons with food allergies should follow the same procedure. At check-in, you will be asked to fill out a form that will be provided to the Health Officer and Dining Hall Staff. Please remember to contact us in advance of your week at camp so we can be prepared for your visit. If we don't know in advance of your dietary needs, we will do our best to accommodate you.
Online Registration
Troops can register for the 2020 season at any time and pre-register for 2021 at any time during your 2020 stay.
Registering is as easy as visiting the website below and logging in.
www.siouxcouncil.org
We prefer you use your Troop log-in, rather than your individual log-in. This helps us identify what Troop you are and where you are visiting from.

Unit Roster
Who will be joining us at camp? We will need BSA ID #’s and birthdates for all Scouts and BSA ID #’s for all adults staying at camp. It is important that this list be as complete as possible to provide you with the best possible program.

Merit Badges
While we try to be as accommodating as possible in our merit badge scheduling, it is important to sign up Scouts for merit badges before they arrive at camp. Some merit badges have age requirements and some classes have limited availability. Scout that are successful in our merit badge program will have read the current merit badge book for their merit badges and completed all prerequisites if any for those merit badges. Registering before you arrive helps us control class sizes and have the proper supplies on hand.

Camp Topography
As you plan your week, we would like to remind you that, unlike most camps in the Mid-West, Lewis & Clark has topography, meaning that we have changes in elevation. Lewis & Clark is built on the bluffs and rolling hills of the Missouri River. Campsites and program areas are located on the slopes leading to Lewis & Clark Lake. Our dining hall, administrative offices and shooting ranges are all located at the top of the bluff. We mention this as a courtesy so that you can properly plan your week. We have added elevations to the map to aid in this process. If your Troop is accustomed to camping in flat regions, you may want to do a little pre-camp training before arriving.

As a result of our location on the bluffs of the Missouri, we are blessed not only with a magnificent view, but with thick forest vegetation. Many new visitors are surprised to see the dense forest and abundance of trees “in the middle of the prairie”. All campsites and merit badge areas, with the exception of the waterfront, have shade most of the day.

Merit Badges
Each Scout should review the requirements of the merit badges he/she would like to take prior to coming to camp. This will allow requirements to be completed at home that will not be completed at camp.

♦ Registration for merit badges enrollment is on a first come, first serve basis. You must checkout of Tentaroo each time you add or delete Scouts or merit badges for the system to save your changes.

♦ Be sure Scouts have current merit badge pamphlets.

♦ Pamphlets are available for sale from the Trading Post, but advanced purchase and reading is highly recommended for the scouts to be able to complete merit badges at camp.

♦ Scouts should complete requirements that cannot be done at camp before arriving.

♦ Scoutmasters / Merit Badge Councilors please send a signed note with your Scout stating what requirements were completed prior to attending camp. Notes should be turned in to the merit badge counselor at the first session.

Records
Lewis & Clark merit badge counselors will track all requirements completed at camp. All requirements & completed merit badges can be seen by logging into your account & viewing or printing the Scouts’ schedules.
New for this year we will use a jamboree format to meet current camping health and safety guidelines. Troops and Lone campers will be assigned to a campground and will form a new Camp Troop for the weeks camp.

These will be the 4 Camp Troops for the Week.

Post Camp -
- If any Staff or Attendee reports having a positive Covid-19 test, the Sioux Council will inform Troops through the contact information provided in their camp registration.

Your safety and the safety of all our members, volunteers, and employees is Sioux Council’s top priority. In light of COVID-19, we are taking additional precautions at camp on top of our long-established health and safety measures.

First, our council health supervisor, a physician, is following state, local and Federal guidelines to ensure we are mitigating as much as possible the risk of COVID-19 at camp.

Our mitigation plan includes:
- Pre-attendance education,
- Health screening conducted by your unit prior to travel to our camp, including a temperature check.
- Health screening upon your arrival at camp conducted by our camp health officers, which will also include a temperature check.
  - Note: should anyone in the unit not pass the arrival screening, the entire unit will not be allowed to enter camp.
- No visitors in camp.
- Hygiene reminders throughout camp experience.
- Handwashing/sanitizer stations throughout camp.
- Staff to clean and disinfect high-touch surfaces and shared program equipment.
- An emergency response plan that includes isolation and quarantine protocol should a person at camp develop symptoms of COVID-19 or other communicable disease.
- Check-ins with each unit one week and two weeks after the unit leaves camp to determine if any participants have developed symptoms.

These precautions are important, but they do not remove the potential for exposure to COVID-19 or any other illness while at camp. Some people with COVID-19 show no signs or symptoms of illness but can still spread the virus, and people may be contagious before their symptoms occur. These factors mean that an infected person may pass the required health screenings and be allowed into camp.

We also know the very nature of camp makes social distancing difficult in many situations or impossible in some cases. Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age
who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. *If you are in this group, please ensure you have approval from your health care provider prior to attending camp.*

We know that each staff member, volunteer, and Scouting family has a unique set of circumstances to consider when deciding whether to attend camp. We hope this information will be helpful as you make those choices.

We recognize and accept this form of camp protocols, signed by myself and/or my parent/guardian if under the age of 18. I agree to follow written and verbal social distancing guidelines and to participate with my safety and the safety of others in mind.
