

Arrowhead District Communication Plan

The Arrowhead District Committee wants to maintain good communications with each Scout Leader and parent. We have been using email and will continue to use it, but with the vast numbers of people using smart phones and texting, the key three have decided to use a service called "Remind" to enhance communications.

All you do is text one or more of the following messages, example: @arcubs to 81010 via text message and you will then be part of that contact group.

Cub Scouts are 5th grade and below.

Scout Troop is 5th grade and up, once they crossover into Scouts.

@ardiscom for District Committee Members

@arcubs for Cub Scout Pack Leaders

@arcubscout for Cub Scout Parents

@artroops for Scout Troop Leaders

@artrooppar for Scout Troop Parents

When you do this, you are giving us permission to send a text message to you.

Please pass this information on to each of your leaders and parents as quickly as you can.

Here is the schedule for texting and emails which we are now following. The only exception is for an emergency. We are going to try and get texts and email out at the same time, 8:00 pm. It will take a little while before everyone is set up, but with your help, we can have this done rather quickly.

District/Council Activities and Camping	Everyone gets the message	60, 30, 4-5 days and night before
---	---------------------------	-----------------------------------

Roundtable/Mini Roundtable	Troop & Pack Leaders	1 week & day before
----------------------------	----------------------	---------------------

District Committee	District Committee	1 week & day before
--------------------	--------------------	---------------------

Emails will go out the 1st and the 15th of the month.

If there is more information then we can get on a text, there will be a hyperlink on the text that will take you to a pdf file. Please use the sioux council.org and District pages for your source of information about district and council events.
