The Mitchell Prehistoric Indian Village is glad to partner with us this year in conjunction with their annual Lakota Games on Ice.

Morning events will consist of working on the Indian Lore Merit Badge. The Scouts will also get the great opportunity to learn more about the traditional Lakota games as they assist with setting up for the afternoon events—the Lakota Games on Ice! Native American games were more than just having fun and physical activity. These games all held a purpose; maybe it was ceremonial or maybe a way hone needed life skills. Scouts will get to learn the history behind it all!

All participants will receive a sticker to add to their collection for their water bottle. Water bottles will be available to purchase (\$5.00) during the on-line registration process.

We ask that all participants dress appropriately! Morning activities will mainly be inside within the Prehistoric Indian Village Museum. However, all afternoon activities will be outdoors so bring the appropriate clothing. This includes proper footwear, snowsuit/snow pants, warm jacket, hat, gloves/mittens, etc. Remember it is January...
